

# Spaulding Memorial Student Council

## 2019-2020

My child has permission to be a candidate for Class Representative. I understand that signing this slip does not mean that my child will be on the council. This form only gives my child permission to run for Class Representative. My child understands that he/she will give a speech on Election Day, explaining why the class should vote for him/her. Students must be elected, to be Class Representative, by their peers.
