January 2020

Dear Families,

Every year, each public school and school district in Massachusetts receives a report card designed to share with families how schools and districts are doing in different areas. This is the second year of the new, redesigned report card which includes multiple measures of performance, which includes, but is not limited to MCAS scores. It provides information on student achievement, teacher qualifications, student learning opportunities, and other measures for families to review.

The report card includes multiple measures of a school's performance – more than just MCAS scores. It represents a new way of looking at school performance, by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

The links below will take you directly to the school report cards. Once there, you will find a Google translate drop-down menu in the upper right corner that reads, "Select Language," if you prefer.

[Ashby Elementary School](#)

[Spaulding Memorial School](#)

[Varnum Brook Elementary School](#)

[Hawthorne Brook Middle School](#)

[Nissitissit Middle School](#)

[North Middlesex Regional High School](#)

[North Middlesex Regional School District](#)

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request the following information about the qualifications of your child's classroom teachers:

- Whether your child's teacher is licensed in the grade levels and subject areas they teach,
- Whether your child's teacher is teaching under an emergency license or waiver,
- The college degree and major of your child's teacher, and
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.

If you have questions about a school report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child's teacher(s), please contact the building principal.
