

Happy April!

This month's themes are spring and insects. We are so excited to learn about spring and insects through literature, hands-on activities, crafts, and so much more. Spring is a time of growth and change. We are excited to explore this new season. For some, insects can be scary and for others, they can not wait to hold them in the hand. During the month of April, we hope to take some of the mystery out of the creatures and help the children learn about their importance in the world.

We are lucky to have warmer weather upon us. With the warmer weather, we will be heading out to the playground more often. Please remember the children should have safe shoes for moving around the playground and that sometimes in the morning it can still be cool, outerwear for the changing weather is key.

Social Thinking: This month's theme is "Thinking With Your Eyes." We use our eyes to gather information. We use our eyes to tell what other people are thinking or feeling, what is happening around us, and what someone else's plan may be. We also use our eyes to tell others that we are thinking about them and focusing on them.

If your child has extra clothes at school that are "winter appropriate" and you would like to swap them for spring clothes, please send the spring clothes in to your child's teacher. The winter clothes will be returned home.

Preschool Information Night for 2021-2022 School Year :

Preschool information night for prospective families of tuition students is scheduled for Wednesday, May 5 at 6 pm. Additional information will become available as the date draws closer. The information session will be virtual- please spread the word to any families who may be interested!

Important There will be no changes to the preschool instructional model for the remainder of the 2020-2021 school year, regardless of changes happening in the upper grades. Please contact your child's teacher with any questions.

Important Dates:

April 19-23: April vacation: No School

April 26: Return to school
