

NMRSD Update Saturday, April 18, 2020

Closure Update

Based on what I am hearing through my conversations with the state, Governor Charlie Baker will likely make a decision on the school closure that currently extends to Monday, May 4th at some point next week. If and when this gets announced, it will be communicated to everyone.

On a positive note, Massachusetts Department of Education Commissioner Jeffrey Riley announced that a study conducted by Massachusetts Institute of Technology has Massachusetts was ranked #2 in the nation for our approach to “Remote Learning.”

Food Service - April Vacation

Breakfast and lunch will be available for pick-up at North Middlesex Regional High School on ***Tuesday and Thursday*** of vacation week. Please be sure to order in advance as you have done up to this point.

School Access

We have had increased requests from staff, parents, and students to gain access to schools for various belongings. If anyone needs access, please be sure to reach out to the building principal so that a pick-up time can be arranged. It is important to point out that ***anyone entering a school will only be permitted if they are wearing a mask and gloves.***

3D Printer

I would like to thank Mr. Jim Landry of NMRHS who recently picked up the 3D printers from the high school and is working to produce face shield frames for healthcare workers. As many of you may have seen on social media, Mr. Landry had already produced 50 face shield frames by midweek.. Thank you Mr. Landry for your time and effort in producing these much needed frames for PPEs.
