

## **NMRSD Update Tuesday, April 21, 2020**

### **Closure Update**

If you have not already heard, Governor Baker has decided to close school for the rest of the year.

As this will lengthen remote learning, we will be providing you with updates once additional guidance becomes available from the Massachusetts Department of Elementary and Secondary Education.

I realize that this decision only compounds an already difficult situation. Please know that we remain committed to providing families and students with everything that we can with regard to remote learning and that we are focused on what can be done for end of the year activities, summer learning opportunities, and the reopening of schools in August.

### **School Access**

We have had increased requests from staff, parents, and students to gain access to schools for various belongings. If anyone needs access, please be sure to reach out to the building principal so that a pick-up time can be arranged. It is important to point out that ***anyone entering a school will only be permitted if they are wearing a mask and gloves.***
